LION OF JUDAH INDEPENDENT CHRISTIAN PRIMARY SCHOOL

· Led by the Spirit of Christ

· Protected by the Blood of Christ

· Standing in authority in the Name of Jesus

· Walking in Obedience

Welcome to Lion of Judah Christian Private School

We are an independent school registered with the Department of Education

EMIS 700401313 Gr 1- Gr 12

At Lion of Judah Christian Nature school, we are dedicated to challenging the minds and lives of our students for Christ. With an unwavering commitment to Scripture and a fervent pursuit of wisdom, our aim is to empower students to glorify God with every aspect of their being.

We believe in schooling and education as much as we believe in character building and skills. We are committed to providing learners with an excellent education. We use a CAPS enhanced curriculum based on project-based learning and self-discovery. We have extra subjects and systems in place to ensure no shortcomings.

This approach allows our school learners to explore the learning material beyond just the textbook through research, experiments and assignments. With Technological advancements in every sphere of life, in this dynamic environment, the right kind of education for your children becomes critical.

Aftercare - from 15:00 - 17:45 at extra cos

Challenging Minds: Academic Excellence

At Lion of Judah Christian School, we are committed to developing confident, capable learners who strive for academic excellence while growing in character and faith. Through high-quality teaching, structured learning, and a supportive environment, we encourage learners to think critically, solve problems creatively, and reach their full potential. Our small class sizes enable individual attention, allowing teachers to identify each learner's strengths and provide the support and challenge they need to succeed. We maintain high academic standards while nurturing a love for learning, preparing learners with the knowledge, skills, and resilience required for success in further education and life.

Infused Curriculum: Inclusive and flexible

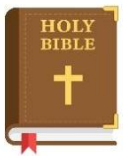

Our curriculum is designed to be inclusive, flexible, and learner centred. We offer A loving, caring, and welcoming and supportive learning environment where every learner is encouraged to reach their full potential. Through our infused curriculum approach, academic learning is combined with practical support strategies, Christian values, and individualised guidance to ensure learners receive the assistance they need to succeed.

Within the Intermediate Phase, we offer reasonable accommodations and additional support for learners who require extra academic assistance. We offer scripting and scribing. Our small class sizes allow teachers to provide more individual attention, identify learning barriers early, and implement effective intervention strategies. This personalised approach enables learners to develop confidence while progressing at their own pace without compromising academic standards.

We strive to create an environment where every learner can thrive by implementing appropriate teaching strategies, differentiated instruction, and ongoing academic support. Where appropriate, learners may be supported through accommodations in line with curriculum and assessment requirements, ensuring they are given every opportunity to demonstrate their knowledge and abilities.

Our High School programme offers pathways leading to both the National Senior Certificate (NSC) and the Endorsed National Senior Certificate, depending on each learner's academic profile and future goals. We believe every learner deserves an opportunity to achieve a recognised qualification that opens doors to further education, training, or employment.

In addition, we maintain affiliations with recognised educational and training bodies that offer NQF Level 4 qualifications and Matric equivalent programmes. These alternative pathways provide learners with additional opportunities to obtain nationally recognised qualifications that align with their strengths, career aspirations, and individual learning needs.

Challenging Lives: Faith Formation

We incorporate Scripture and principles of the Christian faith into an academically strong curriculum, fostering a holistic learning experience. Teachers intentionally guide this process, nurturing wisdom and character.
Supplementary coursework and service opportunities build knowledge and Christian character, empowering students to make a positive impact in their communities. Service projects deepen their understanding of serving others. We cultivate faith through discipleship, fellowship, Scripture study, and worship. Our curriculum and spiritual projects nurture students' faith journeys. Everything for Christ. Our ultimate purpose is to honor and glorify Christ. We equip students to live devoted lives, impacting the world for Him
